

NEW

Advantage Caribbean Institute

Certificate in Bookkeeping

Developed by First Intuition, an award-winning UK professional accountancy tuition provider, this brand new Bookkeeping Course from Advantage Caribbean Institute has been designed to teach students how a business prepares financial accounts from initial transactions through to the final product, this includes double entry bookkeeping.

The lectures and course notes assume all content is new knowledge, so it is an excellent resource for those starting out in the field or for more experienced students needing a refresher.

The course is made up of 15 chapters and includes topics such as:

- The presentation of financial statements
- Accounting systems
- Double entry bookkeeping
- Accruals and prepayments
- Inventories
- Bank reconciliations

Chapter 16 is an end of course bookkeeping exercise, which has been designed to prepare your students with a real world example and tests their skills from throughout the syllabus.

The course comes with comprehensive course notes that cover the whole Bookkeeping syllabus. It is taught using online video lectures, recorded by First Intuition tutors from the UK.

This means students can learn and revise wherever and whenever they want, to fit in around their individual schedule. Videos can be paused and rewatched to suit the student's style of learning.

The course materials are supported by online question practice with model solutions, to test how a student can apply their learned knowledge to real life scenarios. Included is a 90 minute multiple choice exam to complete the course, to ensure a thorough understanding of the syllabus.
